

20. SUSSEX LANE

BY GEORGE!

Sussex Lane, view from Sussex Street

Issues

The Westpac building surfaces would not allow any fixings to the stone surfaces. Other solutions to mount elements could be arranged by alternate fixing systems if required.

Opportunities

Home to the Sussex Lane Warehouse venue for 20 nights during the Olympics the renewed Sussex Lane is home to Sydney's Small Bar and a host of other new bars and restaurants at the back of the Westpac headquarters.

This businesses in this laneway are excited by the prospect of integrating a temporary artwork into the lane to attract more awareness of this newly recreated precinct.

Historical Information

The Erskine Street Terraces that back onto Sussex Lane are Heritage items and as such minimal impacts only would be allowable under City Planning Controls.
